

Pallet Truck Sale - 5,500 lb. Capacity

These Hand Pallet Trucks are built to last!

Their all-welded, heavy-duty construction makes them perfect for the day-to-day transportation of unit loads up to 5500 lbs. We've enjoyed *100% customer satisfaction* with these pallet trucks.

Features

- Quality engineered pump design with overload bypass valve and lowering valve for controlled rate of descent
- Standard 8" x 2" polyurethane wheels with aluminum core for long service life and easy rollability
- Full pump stroke design only requires 10 strokes for maximum lift
- Grease fittings and bushings at all pivot points for easy maintenance
- Unique articulating axle for smooth transport
- Rugged steel entry glides
- Powder coated red
- 7.75" Raised Height

\$279.00
FOB Shipping Point

Position Fingertip Control - Raise, Lower, and neutral

6.5" wide forks have welded steel entry glides, polyurethane load rollers, and an additional exit roller for ease of exiting the pallet

Adjustable push rods and reinforced Forks

Built-in foot release is standard. An articulating axle adjusts automatically to ensure load stability over uneven surfaces or small debris.

**Pump
has a full
2 year
warranty!**
